3 Notifications and Actions Taken

Desktop Notifications

RADSoC™ alerts remote or on-site monitoring staff of any incident 24/7, keeping your property safe and secure.

Mobile Notifications

Keep an eye on your facility when you're on the go with RADMobile™. All the power of RADSoC in the palm of your hand.

Incident Escalation

Your RAD device can be programmed to escalate its responses and alert personnel if incidents intensify, needing further attention.
